Contractor Comments:

ADDITIONAL/OTHER: We, Access Communications Group, are confident in the installation and the project delivered of the copper and fiber cabling at the Gallup Indian Medical Center and the fourteen (14) ancillary campus facilities. This included the installation of roughly 4,410 linear feet of 300-pair copper cable and 5,516 linear feet of 48-strand fiber optic cable. This included overcoming challenges such as working around existing utilities and around the construction and placement of Building 3000, but all challenges were overcome to complete this project.

CONCURRENCE: I concur with this evaluation.
