**Assessing Official Comments:**

QUALITY: ACG provided an exceptional design product that met the requirements expected by the government.

SCHEDULE: ACG provided a timely 30% design that met all the requirements of the government and kept all involved as to the design progress and process.

REGULATORY COMPLIANCE: ACG provided a 30% design that met all the governments requirements and ensured that all regulatory requirements were met.

ADDITIONAL/OTHER: ACG provided a professional end product in a timely manner. Their staff is very knowledgeable and acted professionally throughout the course of the project. It was a pleasure working with ACG and am more than willing to work with them again in the future.

**RECOMMENDATION:**

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.

**Contractor Comments:**

ADDITIONAL/OTHER: We would like to thank Mission Support Washington for giving Access Communications Group (ACG) the opportunity to provide a 30% design for the ELP HSI SCIF Project. We hope ACG will be considered if the government decides to complete the 100% design. We are currently contracted to provide design-build services to the US Customs Border Patrol on Fort Bliss. The Design-Build projects consist of a 14,000-square-foot Kennel Renovation. We are confident we are going to deliver a quality project, within the period of performance, and within the government's budget. This new opportunity was given to us because Mission Support Washington believed in our ability to provide a 30% completed SCIF design. We look forward to working with Mission Support Washington on future projects

CONCURRENCE: I concur with this evaluation.
